2014 TOP DOCTORS

NOMINATION INSTRUCTIONS FOR DOCTORS

Seattle magazine's annual Top Doctors survey **will be accepting nominations January 13–27, 2014**. To nominate physicians for consideration, follow the instructions below.

- 1.** Go to seattlemag.com/topdocssurvey—a secure website.
- 2.** Create an account by providing a password.
- 3.** Create a simple nomination profile. Because only doctors are allowed to nominate in this survey, you will need your NPI (National Provider Identification) number to participate. You can retrieve your NPI number easily at npidb.org.
- 4.** We need your email to assist you with any technical questions during the nomination procedure. You will not be contacted unless you opt in to receive Top Doctors information, or for fact-checking purposes if you are selected as a Top Doctor finalist.
- 5.** Nominate up to three physicians in each specialty. You can also nominate up to three nurse practitioners and physician assistants. You can leave the survey and return at any time during the voting window to change or add to your selections.

If you forget to submit your nominations, they will be automatically submitted at the **deadline, January 27, 2014 at midnight**.

Your selections will be held in the strictest confidence. Please note that there are never any fees or charges involved with *Seattle* magazine's Top Doctors nomination process; you will not be asked to provide credit-card information or be obligated for an expense of any kind. *Seattle* magazine does not sell plaques or trophies to winning doctors or hospitals.

Look for *Seattle* magazine's annual Top Doctor list in the July 2014 issue.
