

# ADHC CONNECTION

We at Adult Day Health would like to introduce our new  
Activity Coordinator, Tina.

Please help us welcome Tina to our team and family.

In her own words:

A little over a year and a half ago I was a student at Green River Community College working towards completing my Occupational Therapy Assistant degree. I was fortunate to complete one of my field work rotations at Adult Day Health. ADH was by far my favorite field work that was required to complete. The staff were amazing to work with and I am excited to now become a part of the great team at ADH.

I look forward to working and getting to know everyone.

A little bit about me. I am a wife and mother of a 1<sup>st</sup> grader (Nathan). In my spare time, I enjoy traveling, watching the Seahawks, scrapbooking, exploring the outdoors, hiking, and taking my son on new adventures and experiences.

I appreciate the warm welcome that I have received as the new activity coordinator and look forward to working with each one of you.

Tina
