KEEPING YOU SAFE

Enhanced Masking: Wear A Surgical Mask While Onsite, Working

Homemade masks are not approved for use while on-duty and onsite.

April 8, 2020 v4

Mask should not be worn around your neck or pushed up to your forehead.

Perform hand hygiene often.

Avoid touching the outside of the mask.

If soiled & torn, or difficult to breathe through, dispose of mask. MHS isn't collecting surgical masks for reprocessing at this time.

See "Keep Yourself Healthy" for home care.

When talking on the phone, keep mask on or store per guidelines.
