

COVID Decision Making and Response Structure – All Staff

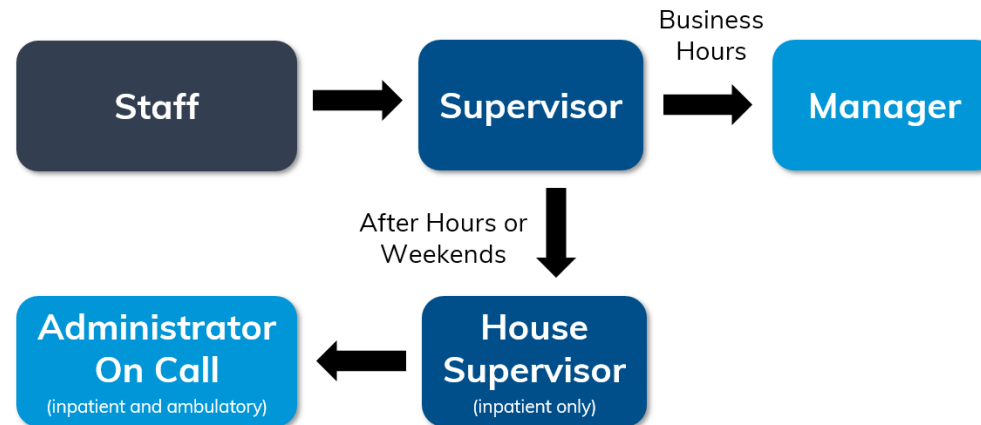

Guiding Principles

- We will make every effort to not turn away patients from receiving care.
- We will protect our employees using our current PPE policies and guidelines.

Employee Escalation Pathways

- We recognize there may be scenarios that are not addressed specifically within a policy or a guideline. If an employee is unclear, they should follow their appropriate Chain of Command.

Chain of Command

Leadership Escalation Pathways

- Leaders should escalate to the appropriate COVID Planning Subgroup for further review.
